

# AIA Lunch and Learn Presentations

To arrange an AIA/CES presentation for Professional Development Hours in your office, sign-up online at [www.pcicentral.org](http://www.pcicentral.org). Any questions please email [phil@pci-central.org](mailto:phil@pci-central.org) or call 937-833-3900.

**Provider Name: PCI Central Region**

**Provider Number: K360**

Program #	Program Title and Learning Objectives	Learning Units	HSW Units
PC301a *	<b><u>Precast Concrete Solutions - Hollowcore Floor Plank</u></b>	1	1
	<ul style="list-style-type: none"> <li>Understand how precast wall panels are produced and the sustainable process.</li> <li>Become aware of the features and benefits of precast wall panels to include LEED attributes.</li> <li>Become aware of the many finishes precast concrete has to offer.</li> <li>Understand the thermal mass effect and it's relationship to precast wall panels</li> </ul>		
PC302a *	<b><u>Precast Concrete Solutions - Parking Structures</u></b>	1	1
	<ul style="list-style-type: none"> <li>Introduce precast concrete parking structure benefits, sustainability and components</li> <li>Show the simplicity of precast connections</li> <li>Present precast design issues &amp; considerations including opportunities for LEED qualification</li> <li>Demonstrate the economic and sustainable benefits of precast concrete throughout the project</li> </ul>		
PC303a *	<b><u>Precast Concrete Solutions - Industrial Structures</u></b>	1	1
	<ul style="list-style-type: none"> <li>Identify the different industrial applications for precast, prestressed concrete systems</li> <li>Explain the benefits of using precast, prestressed concrete in industrial structures</li> <li>Make an informed material choice for your next industrial building design</li> <li>Demonstrate the economic and sustainable benefits of precast concrete throughout the project</li> </ul>		
PC304a *	<b><u>Precast Concrete Solutions - Quality Control &amp; Certification</u></b>	1	1
	<ul style="list-style-type: none"> <li>Summarize information about quality assurance and personnel certification</li> <li>Summarize information about erectors qualified or certified by the PCI Field Certification Program</li> <li>Summarize basic procedures involved with respect to the Plant Certification Program</li> <li>Describe the different types of specification methods</li> </ul>		
PC305a *	<b><u>Precast Concrete Solutions - Education Facilities</u></b>	1	1
	<ul style="list-style-type: none"> <li>Review the case studies to learn why a Total Precast System and precast concrete insulated wall panels were chosen by the design team</li> <li>Understand the simplicity of precast concrete design details for a Total Precast Structure and the inherent sustainable attributes of concrete</li> <li>How using a Total Precast System has many owner, designer and user benefits while utilizing a sustainable building product</li> <li>Discuss the LEED implications and energy efficiency opportunities with precast concrete design</li> </ul>		

\*also available in 1.5 and 2 credit length programs

\*also available in 1.5 and 2 credit length programs

\*also available in 1.5 and 2 credit length programs

\*also available in 1.5 and 2 credit length programs

\*also available in 1.5 and 2 credit length programs

<p><b>PC312a *</b></p> <p><small>*also available in 1.5 and 2 credit length programs</small></p>	<p align="center"><b><u>Precast Concrete Solutions - Architectural Systems</u></b></p> <ul style="list-style-type: none"> <li>• Introduce Architectural Precast Concrete</li> <li>• Present the Benefits of Architectural Precast through greater quality control, sustainable material choices and design freedom</li> <li>• Considerations in using a precast concrete systems for your next project. Design opportunities, comparative materials and their utility and sustainable benefits.</li> <li>• Examine the sustainable attributes of precast concrete construction</li> </ul>	<p align="center">1</p>	<p align="center">1</p>
<p><b>PC314a</b></p>	<p align="center"><b><u>Precast Concrete Solutions - Precast Concrete Preassembled Buildings</u></b></p> <ul style="list-style-type: none"> <li>• Introduce Precast Concrete Preassembled Buildings and their market applications</li> <li>• Review the characteristics and owner benefits of Precast Concrete Preassembled Buildings</li> <li>• Recommended design criteria for sustainable preassembled buildings</li> </ul>	<p align="center">1</p>	<p align="center">1</p>
<p><b>PCIBDa *</b></p> <p><small>*also available in 1.5 and 2 credit length programs</small></p>	<p align="center"><b><u>Precast Concrete Solutions - Integrated Design</u></b></p> <ul style="list-style-type: none"> <li>• Demonstrate the economic benefits of precast concrete throughout the project</li> <li>• Understand the sustainable attributes of precast concrete</li> <li>• Illustrate the design flexibility precast offers design professionals</li> <li>• Discuss long-term health benefits of precast concrete to benefit the inhabitants of the structure</li> </ul>	<p align="center">1</p>	<p align="center">1</p>
	<p align="center"><b><u>Precast Concrete Solutions - Plant Tour</u></b></p> <p>Attendees will observe first-hand how designs and engineering details are executed in the precast manufacturing process. Attendees will also observe the entire precast and prestressed manufacturing process from engineering and connections, forms set-up, casting and finishing. Attendees will gain a better understanding of precast and prestressed capabilities and related quality issues. Attendees will learn how precast fits within the entire building system and how to specify precast concrete accurately and safely.</p>		
<p><b>PC3PT1</b></p>	<p><b>Precast Concrete Sustainable Solutions - Plant Tour – 1 hour</b></p>	<p align="center">1</p>	<p align="center">1</p>
<p><b>PC3PT2</b></p>	<p><b>Precast Concrete Sustainable Solutions - Plant Tour – 2 hour</b></p>	<p align="center">2</p>	<p align="center">2</p>
<p><b>PC3PT3</b></p>	<p><b>Precast Concrete Sustainable Solutions - Plant Tour – 3 hour</b></p>	<p align="center">3</p>	<p align="center">3</p>
<p><b>PC3PT4</b></p>	<p><b>Precast Concrete Sustainable Solutions - Plant Tour &amp; Presentation – 4 hour</b></p>	<p align="center">4</p>	<p align="center">4</p>
<p><b>PC3PT5</b></p>	<p><b>Precast Concrete Sustainable Solutions - Plant Tour &amp; Presentation – 5 hour</b></p>	<p align="center">5</p>	<p align="center">5</p>
